EDUCATIONAL BACKGROUND

Bachelor of Science in Information Technology - Major in Systems Development

PHINMA University of Pangasinan | Arellano St., Dagupan City, Pangasinan
August 2023 - Expected June 2027

EXPERIENCE

UI/UX Intern | Crow's Nest (November 2025 - February 2026)

Technologies: Figma, SwiftUI, Liquid Glass

- Established a reusable Figma design system to improve interface consistency and streamline design iterations.
- Designed key iOS application interfaces using Apple's Liquid Glass design language and modern iOS design conventions.
- Collaborated with stakeholders through iterative design reviews to refine product direction and incorporated the app's visual identity through branding guidelines and a brand board.

TOOLS & TECHNOLOGIES

Programming & Web Development:

- HTML, CSS/Tailwind CSS, JavaScript, PHP, Python, ReactJS, Node.js, Express.js

Mobile Development:

- Flutter, Kotlin, Jetpack Compose, SwiftUI

Databases:

- MySQL, MongoDB

Tools & Platforms:

- Figma, Docker, AWS, GitHub

ACADEMIC PROJECTS

Traditions Wellness Spa | Business Management and Booking System (January - April 2025)

- Designed web and mobile interfaces for a spa booking and business management system.
- Developed approximately 60% of the system using PHP, MySQL, HTML, Tailwind CSS, and Kotlin/Jetpack Compose.

Bimby | AI Powered Messaging with Scam Detector (August - October 2025)

- Designed the interfaces for an AI-powered messaging application with scam detection capabilities and developed the entire mobile frontend using Flutter
- Contributed to a system integrating a mobile application with a web-based administrative analytics platform.

BizClear | Business Permit Processing and Inspection Tracking System with Audit Trail Management (November 2025 - October 2026)

- Designed and developed a business permit processing system with integrated inspection tracking and audit trail management.
- Developed role-based interfaces and workflows for business owners and local government personnel.
